

Welcome to One Planet Market

www.sustainablecommunitiessa.org.au

When - 3rd Saturday of each month 9am to 12 noon
Doors open 8am for stall holders to set up

Where - Payneham Community Centre, 374 Payneham Road, Payneham 5070

One Planet Market was set up to promote the local economy, and allow people who grow or produce local products to sell, swap or share them locally.

Resale of items bought or produced by a third party outside of the local area is not permitted.

Growers stalls

If you are a producer - ie grow fruit or vegetables, make preserves, cakes, bread, savouries or other food items, or handcrafts, you can set up your own stall and sell at the market. Cost \$5 per market for a card table size stall inside the hall.

Food items are to be labelled with the ingredients. Please avoid meat and dairy and foods that need to be kept hot or cold for preservation. There are further health and safety regulations to be followed and these can be provided on request. These stalls cannot be used to sell second hand goods or goods made elsewhere.

If you wish to have a stall please contact market coordinator Monica to book, mowheel2@gmail.com, 0434 058 340, or 8337 3001.

There are also other ways to sell, buy, swap, share or exchange:

Produce stall: If you have a small amount of produce that you want to sell for cash, you can place it on the Produce stall. Please label with price, your name and the ingredients or, in case of fresh fruit and vegetables, the location of harvest. There is no charge for this service and you can collect the proceeds at the end of the market.

Share and Swap: People with produce to share can leave it on the Swap and Share table, and take something from the table for themselves.

Freecycle: Second hand or new goods can be left here for others to take. No charge and no payments. We do not accept large items. Things remaining are taken to a local op shop.

LETS (Local Exchange Trading System): Trading in alternative currency - like barter, but better. For more information to <http://sites.google.com/site/adelaideletssa/>

Morning tea stall If you have cakes, etc. you may like to sell them in the **Morning Tea**. Please label with price, your name and the ingredients. There is no charge for this service.

Seed Savers

If you have raised plants and are able to save the seed, please bring some seeds along to the **Seed Savers** table (in the LETS area) for sharing.

Last word - The market is a community event run by volunteers as a local community venture. We welcome you to join us.
